Tools: Git, GitHub, VS Code, Dialogflow
Domains: Web Development, AI Chatbots, Machine Learning, IoT

Projects

Government Web Application – NIC (JK) *Jan 2026 – Present*
ASP.NET MVC, Razor Views, SQL

- Developing a government web application under the National Informatics Centre (NIC).
- Implemented MVC architecture with clear separation of Models, Views, and Controllers.
- Built dynamic, server-rendered pages using Razor Views.
- Integrated frontend components with backend logic and databases.
- Ensured security, accessibility, and performance compliance with e-Governance standards.

Tadka Tales – Recipe Finder Web App *Aug 2025*
React.js, CSS

- Built a responsive Indian recipe discovery platform using React.
- Designed clean UI showcasing traditional and modern recipes.
- Live: tadka-tales.vercel.app

Post Office AI Chatbot *2025*
Flask, HTML, CSS, JavaScript

- Developed a 24/7 chatbot for handling postal service-related queries.
- Implemented rule-based responses and backend logic using Flask.
- Live: postoffice-chatbot-2q86.onrender.com

Weather Forecast Web App *Mar 2025*
HTML, CSS, JavaScript, OpenWeather API

- Built a real-time weather forecasting application using OpenWeather API.
- Implemented dynamic UI updates based on weather conditions.
- Live: radhikaa45.github.io/WeatherForecast

Portfolio Website *Jun 2024*
HTML, CSS, JavaScript

- Designed and deployed a personal portfolio to showcase projects and skills.
- Focused on responsive layout and smooth navigation.
- Live: radhikaa45.github.io/Portfolio

Experience

Web Developer Intern – National Informatics Centre (NIC), Govt. of India   *Jan 2026 – Present*

- Working on government web applications using MVC architecture.
- Developing server-rendered pages and integrating frontend with backend logic.
- Ensuring security, accessibility, and performance as per e-Governance standards.

Frontend Developer Intern – GoBuild (Remote)   *Nov 2025 – Jan 2026*

- Developed responsive UI components using React.js and Tailwind CSS.
- Built reusable components and optimized layouts for performance.
- Collaborated with designers and developers in a remote environment.

Frontend Development Intern – Ladybird Web Solution   *May 2025 – Jul 2025*

- Developed responsive interfaces using HTML, CSS, and JavaScript.
- Improved cross-browser compatibility and accessibility.
- Used Git and GitHub for version control and collaboration.

Intern – DRDO (Central University of Jammu)   *Jun 2024 – Jul 2024*

- Developed an AI-based chatbot using LLMs for agricultural assistance.
- Implemented conversational memory and intelligent responses.

Certifications

- Java Programming — Scaler Academy
- Deep Dive in C++ — Udemy
- Data Science Fundamentals — Udemy
- Django Workshop — Central University of Jammu
- Tata Group Data Analytics Job Simulation — Forage

Achievements & Activities

- 1st Place — KIMO Technical Quiz
- Presenter — Shakti Samvad Conference (BHU)
- Winner — University Photography Contest
- Lead — Jammu & Kashmir Cultural Stall (University Fest)
